TRAINING CONCEPT

The School of Prophecy is a place for people from all nations who are interested in the prophetic to grow in character, personality, and spiritual gifting – together with others. We meet twice a month because we value relationship and work in fixed groups over the course of a year. Through biblically grounded teaching and practical activations, we build a solid foundation for moving in the prophetic and bring God's words to life in our daily lives. The sessions are available both in person and online, and will be accompanied by an English translation.
